InTech'10 Program

InTech'10 will consist of plenary sessions, oral and poster presentations, exhibitions and excursions. The events will be open to all participants. The main objectives of the conference are:

- Bring together researchers and practitioners in order to exchange their ideas and discuss issues occurred when implementing intelligent and fuzzy technologies in real-world environment.
- Provide a forum for discussion of new research areas, results and issues.
- Encourage international research in intelligent and fuzzy technologies.

Proceedings:

Previous InTech proceedings are indexed by EI and are distributed to participants during the conference. Selected and revised papers from InTech'10 will be published in special issues of the *International Journal of Intelligent Technology and Applied Statistics* and *Journal of Management Science and Statistical Decision*.

Conference Fees:

	By Sep. 20, 2010	After Sep. 20, 2010
General Participant	350 USD	450 USD
Student	250 USD	300 USD

Topics of InTech'10 include but not limited to:

- Mathematical Foundations of Intelligent Technologies
- Traditional Artificial Intelligent Techniques
- Uncertainty Processing & Methods of Soft Computing
- Learning/Adaptive Systems/Data Mining
- Applications of Intelligent Technologies
- Intelligent Data Analysis
- Control and Decision Science
- Robotics
- Natural Language Processing

Paper Submissions:

Papers related to both theoretical issues and real-world applications in the areas listed above are welcome. The maximum number of pages is 10 pages including all tables, figures and references. Over-length and late submission papers will be rejected without review.

Important Dates:

- Full paper submission deadline: Aug 31, 2010

About Bangkok:

Known for its wealth of cultural landmarks and vibrant attractions, Bangkok is home to several cultural heritage sites. Along the Chaopraya river, ancient temples such as Wat Prakaew, Wat Po and Wat Arun have been hotspots for visitors throughout generations. Bangkok is also filled with modern shopping and dining complexes, health and spa

facilities, as well as exotic nightlife entertainment. The conference venue is conveniently situated midway between the busy heart of Bangkok and another beach city of Chonburi, making it convenient for a side trip to Pattaya, a famous paradise with multitudes of events all year round.
