Use the material in Shneiderman & Plaisant, ch. 12.3, to critique the Web pages of the UTEP CS department. In terms of the factors listed in ch. 12.3, describe (a) what’s good about the pages and (b) what could be improved, and then (c) suggest possible improvements, with justification in terms of the factors.

You may wish to pay particular attention to the pages listed below. Other pages would be fine, too.
